HERRINGBONE · REF CF451

Dark Brown Herringbone Oak

Dark Brown Herringbone Oak is a deep, coffee-toned oak laid in the traditional zig-zag. The brushed surface brings the grain up through the colour, so the floor never reads as flat paint, and the oiled finish gives it a low, warm sheen.

Dark herringbone suits period homes, studies and dining rooms where you want the floor to anchor the room. In the 90 × 450mm block it gives a fine, detailed pattern that sits well with panelled walls, brass and rich textiles.

Product specification

Product name	Dark Brown Herringbone Oak
Reference code	CF451
Flooring type	Engineered oak — herringbone
Construction	Engineered — oak wear layer bonded to a stable core
Overall thickness	14 mm
Wear layer thickness	3 mm

Grade	*Available on request*
Surface finish	Dark brushed & oiled
Installation method	*Available on request*
Joint profile (T&G; / click)	*Available on request*
Underfloor heating	*Available on request*
Max. floor surface temperature	*Available on request*
Installation conditions	*Available on request*
Pack coverage	*Available on request*
Standards & certifications	*Available on request*

Notes

Items marked *available on request* are not yet confirmed for this product and are deliberately left blank — please contact us to confirm installation method, underfloor heating limits, pack coverage and certification before specifying or installing. Natural oak varies in colour and grain between boards and batches; photographs are representative, so always approve a physical sample before ordering.

Care: see the Cambridge Floors **Oiled Oak Floors** care guide.
