HERRINGBONE · REF CF456

Invisible Finish Herringbone Oak

Invisible Finish Herringbone Oak is for people who love the pale, untreated look of freshly sanded oak but want a protected, easy-care surface. The invisible lacquer keeps the raw-timber colour without the amber shift of a traditional finish.

Pale, matt and Scandinavian in feel, it lifts darker rooms and pairs naturally with white walls, lime plaster and soft greys. The 90 × 450mm block gives a crisp, classic herringbone.

Product specification

Product name	Invisible Finish Herringbone Oak
Reference code	CF456
Flooring type	Engineered oak — herringbone
Construction	Engineered — oak wear layer bonded to a stable core

Standards & certifications	*Available on request*

Notes

Items marked *available on request* are not yet confirmed for this product and are deliberately left blank — please contact us to confirm installation method, underfloor heating limits, pack coverage and certification before specifying or installing. Natural oak varies in colour and grain between boards and batches; photographs are representative, so always approve a physical sample before ordering.

Care: see the Cambridge Floors **Lacquered Oak Floors** care guide.
