HERRINGBONE · REF CF457

Antique Brown Herringbone Oak

Antique Brown Herringbone Oak pairs a mellow dark-brown tone with a larger 125 × 600mm block, so the herringbone reads broader and more relaxed than a standard parquet. Brushing and an oiled finish give it a lived-in, characterful surface.

The bigger block is a good match for larger rooms and open-plan spaces, where a small herringbone can look busy. It brings the warmth of an older floor to a new extension or a renovated Victorian or Edwardian house.

Product specification

Product name	Antique Brown Herringbone Oak
Reference code	CF457
Flooring type	Engineered oak — herringbone
Construction	Engineered — oak wear layer bonded to a stable core
Overall thickness	14 mm
Wear layer thickness	3 mm

Installation method	*Available on request*
Joint profile (T&G; / click)	*Available on request*
Underfloor heating	*Available on request*
Max. floor surface temperature	*Available on request*
Installation conditions	*Available on request*
Pack coverage	*Available on request*
Standards & certifications	*Available on request*

Notes

Items marked *available on request* are not yet confirmed for this product and are deliberately left blank — please contact us to confirm installation method, underfloor heating limits, pack coverage and certification before specifying or installing. Natural oak varies in colour and grain between boards and batches; photographs are representative, so always approve a physical sample before ordering.

Care: see the Cambridge Floors **Oiled Oak Floors** care guide.
