PLANK · REF CF491

Natural Brushed Oiled Engineered Oak

A classic natural oak plank, brushed to lift the grain and finished with oil for a warm, matt look that feels like real timber underfoot.

The 150mm width in random lengths gives the irregular joint pattern of a traditional floor — a good match for period homes, cottages and anyone who prefers a more relaxed, less uniform layout.

Product specification

Product name	Natural Brushed Oiled Engineered Oak
Reference code	CF491
Flooring type	Engineered oak — plank
Construction	Engineered — oak wear layer bonded to a stable core
Overall thickness	14 mm
Wear layer thickness	3 mm

Installation method	*Available on request*
Joint profile (T&G; / click)	*Available on request*
Underfloor heating	*Available on request*
Max. floor surface temperature	*Available on request*
Installation conditions	*Available on request*
Pack coverage	*Available on request*
Standards & certifications	*Available on request*

Notes

Items marked *available on request* are not yet confirmed for this product and are deliberately left blank — please contact us to confirm installation method, underfloor heating limits, pack coverage and certification before specifying or installing. Natural oak varies in colour and grain between boards and batches; photographs are representative, so always approve a physical sample before ordering.

Care: see the Cambridge Floors **Oiled Oak Floors** care guide.
