PLANK · REF CF500

UV Lacquered Engineered Oak

UV Lacquered Engineered Oak is a natural oak plank with a factory UV-cured lacquer — fully cured before it leaves the factory, so the floor is ready for normal use as soon as it is laid.

With its honeyed natural tone and 190 × 1900mm boards, it is a dependable, practical floor for kitchens, hallways and family living spaces where an easy-clean surface matters.

Notes

Items marked *available on request* are not yet confirmed for this product and are deliberately left blank — please contact us to confirm installation method, underfloor heating limits, pack coverage and certification before specifying or installing. Natural oak varies in colour and grain between boards and batches; photographs are representative, so always approve a physical sample before ordering.

Care: see the Cambridge Floors **Lacquered Oak Floors** care guide.
